

Job description

Job Title: **Finance Manager**
Location: **Warwick**
Reporting to: **Board of Directors**

Background

At Nimbus® we believe that every person with an interest in property, be it personally or professionally, can create greater economic and social benefits by using our data and technology, and we want to show them how.

Our vision is to inspire and engage people with the power of data, technology and our passion for property.

Nimbus® is an award winning business which has created a market leading property information platform called [Nimbus® Maps](#) which not only gives users easy access to a massive aggregated and tremendously useful data set of property intelligence (from 1000+ data sources) but also invests heavily in training the users on how to get the most from the information.

Current user numbers are c30,000 and it is growing at about 1,500 per week. This rate will increase further following the completion of a recent fund-raise and get wider market adoption into the predicted 2 million people working in the property industry. The business is fully capitalised to scale massively in both the UK and further afield.

The business now needs additional support within its finance function and is looking for a motivated individual to own the financial reporting to the directors.

The right candidate will need to be responsible for the day to day running of all financial aspects of the business, support by a bookkeeper, create regular management accounts and assist with and then ultimately own the future financial forecasting.

The ideal candidate will be keen to learn and grow the role as the business grows and take responsibility for owning the seat to support the directors to make the best business decisions in the long and short term.

If you fancy being an integral part of a business at the forefront of bringing change to an entire industry, please get in touch.

Skills & Requirements

The Person

As a strong candidate, you will have the following qualities:

- A high technical aptitude and strong attention to detail
- Be a clear and confident communicator, able to interact effectively with others in the team
- Demonstrate a passion for all areas of finance, with a desire to further your own technical skills both in and out of work
- Strive to achieve the very highest quality of results
- Excellent organisation skills with the ability to multi-task and work independently, without close supervision
- Excellent command of written and spoken English
- Want to grow the role as the business grows

Essential experience:

- Minimum of 4 years' experience in a finance role
- Superior mathematical skills
- Excellent attention to detail
- Excellent Excel skills
- Experience with working with Sage or similar software

Desirable experience:

- Part or full qualification in management accounts (AAT Level 4, ACCA or CIMA) or working towards one
- Working with technical or software businesses
- Implementing of IT software solutions and making efficiencies

Benefits

- We are offering training and support as necessary to support the business' needs
- In return Nimbus® offers an attractive salary and the opportunity to be part of and make a mark in a rapidly expanding, highly innovative business
- Attractive, well located office campus, unlimited free parking and daily fruit and healthy snacks
- Salary range £30k-£40k per annum
- 33 days holidays (inc 8 bank holidays)
